

Environmental Policy

Issue: 5	Effective: 30/6/2023	Reviewed: 30/6/2023	Owner: Safety
-----------------	-----------------------------	----------------------------	----------------------

At L.C. Dyson's Bus Services Pty Ltd (Dysons), we are committed to minimising the environmental impact of our operations and providing sustainable public and private bus and coach services. Our commitment to environmental sustainability is an integral part of our business strategy and supports our company objectives and targets that are aligned to the scope of our environmental management system is the provision of public and private bus and coach services.

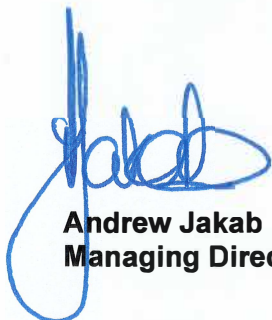

We are committed to reducing our environmental impact by identifying and assessing environmental aspects and impacts associated with our operations. We implement controls to minimise or prevent adverse environmental impacts. And by monitoring and measuring our environmental performance, we strive to continuously improve our environmental management system.

We have systems and processes in place to ensure we comply with ISO 14001 standards and applicable environmental laws, regulations, and other requirements. We encourage environmental sustainability by:

- Promoting sustainable practices such as waste reduction, energy efficiency, and water conservation.
- Encourage and promote the use of public transport as a sustainable alternative to private transport.
- Ensuring that our buses and coaches are clean, modern, and equipped with the latest technology to minimise emissions and fuel consumption.
- Research and invest in technologies that will take us towards net zero emissions.

We encourage participation and consultation with employees, contractors, and other stakeholders in the development and implementation of our environmental management system.

Our commitment to environmental sustainability is an integral part of our business strategy and supports our company objectives and targets. We will continue to strive for excellence in environmental management and ensure our public and private bus and coach services connect passengers in a clean and smart fleet for our strategic partners.

Andrew Jakab
Managing Director and Chief Executive Officer
